Sat 21st	Christmas Shoot 10.00AM
Christmas Break – Competition Shooting resumes January 2025.	

**Note:**

**All shooters** wishing to attend a session are to **notify by text message or phone call** the competition RO for their discipline by **6.00pm the day before**.

Larger shoots will be held over multiple sessions so once you text the RO you will be given a time slot for the day.

It will be a great courtesy on your part for the competition RO to know well in advance who will be attending – **don't turn up without notification**.

If you have booked and then can't attend, please notify the Competition RO as soon as possible.

**\*Important\* If the RO has no people attending for the day they will not open the range.**

All instruction signage displayed at the range is to be strictly adhered to including **'no smoking'** signs on the firing line.

Shooting bays are to be left clean and tidy i.e. **Clean up your own fired cases**

Official program cancelled if forecast is over 36°C (contact discipline RO if unsure)
